Access Recommendations

1. The improvement plan suggested (add more sections) cannot be achieved considering that only one section per semester is offered.

Success Recommendations

1. Improvement plan(s) in this section require(s) more data analysis before they are implemented.
2. "all ethnicities are doing well" should be followed by supportive data analysis.

Accountability Recommendations

1. This section needs to be rewritten by the program.
2. A plan supported by data analysis and demand should be formulated to justify the additional courses. The only thing that can be improved is the percentage of full-time faculty, but with only one section offered per semester, that is not a possibility.

Partnerships Recommendations

1. Improvement plan(s) in this section require(s) more data analysis before they are implemented.
2. Provide existing partnerships outcomes. Formulate a plan for creating partnerships with local high schools.
